

# RESOURCE LIST

The Department of Children, Youth, and Families has received notice from the USDA Food and Nutrition Services that if the federal government shutdown continues into November, there will not be enough funds to pay November Supplemental Nutrition Assistance Program (SNAP) benefits.<sup>1</sup>

October benefits are not affected and can be used as usual. If new funds are not available, here are some resources that may be able to help. If additional assistance is still needed, reach out to PossAbilities at 507-281-6116, and we will try to find you support.
